

WELCOME TO BLACK HORSE INN

We are working with some of the country’s top suppliers to enhance your dining experience here at Black Horse Inn.

Udale Specialty Foods

Our selections of prime meat cuts are sourced from the top producers in the UK and expertly butchered. Iberian pigs that are bred in the UK, Cumbrian beef and lamb that roam freely in the Lake District are a few of the items featuring in this menu. Udale were the first butcher to use a Himalayan Salt Ageing Chamber which allows for increased flavours to seriously wow customers.

Whitby Lobster Hatchery

Whitby Lobster Hatchery is a marine conservation charity on Whitby’s fish pier. Working with the local fishing community, they hatch and rear juvenile European lobsters and release them into the North Sea, helping wild populations recover in the face of climate change and mounting pressure on our coastal seas.

Whitby Sea Salt

Whitby Sea Salt is made up of naturally formed crystals, sourced entirely from Whitby’s historic coastline. The salt is made using centuries-old methods of only the wind and the sun, ensuring all the minerals found in the sea are retained in the salt. The whole process from the collection in the sea to the production of the salt is done by hand, producing a distinct salt worthy of its seafaring heritage.
